About CEO Forum

CEO Forum attracts top industry leaders who share their views and experiences about the trends and future of the ESDM industry. Their views are important for the industry as they guide us in our decision making and help us to take the right initiatives. This edition of the CEO Forum has top leaders from the electronics component, raw material and EMS industry. The CEO Conference will also host expert speakers from the mobile value chain, defense electronics and EMS sectors.

This forum is a must attend for medium and senior level managements, executives from ESDM industry to get a first-hand look from industry leaders and interact with them during the Q&A opportunity. Senior bureaucrats from Ministry of Electronics & IT are invited to share the dais with industry speakers and interact with the delegates.
