Focus Segments

-  **Military – Land Systems**
-  **Aerospace – Air Force, Avionics**
-  **Naval Systems**
-  **Space**
-  **Homeland Security**

Glimpses of SES

Strategic Electronics Summit (SES) was launched in 2009 and the first edition was organised 8 years ago in 2010. The objective was to bring all stakeholders on one platform for developing and providing cutting edge technology for India's defence forces. Electronics is at the core of modern technology and a necessity for modern warfare systems – land, airborne as well as naval. SES brings together and synergises the capabilities and opportunities of all stakeholders and brings them to the user – the Defence Ministry and Defence Forces of India.

Event Comprises of

- ✦ Two Day Conference on Opportunities in Defence Electronics, Tactical Make Programs, Policies and Technology Development, Make in India Opportunities for Armed Forces
- ✦ B2B and Interactive Sessions with DPSU's, Large Private Enterprises and Development Partners
- ✦ Highlight Opportunities and Clusters being promoted by select States
- ✦ Exhibition Showcasing Strategic Electronics Sector, SME's and Start-Ups
