Acknowledgments

For preparation of this 30th edition of the Directory, ELCINA is indeed grateful to its members and the industry at large for their readiness and enthusiasm in supplying information as well as their valuable support at various stages of the production work. Our special thanks to the Ministry of Communication & IT. The cooperation of electronics & IT units, big and small, throughout India, has been invaluable. We must acknowledge their assistance in making the Directory a comprehensive reference source.

E. & O. E.

Every endeavour has been made to avoid errors. However, our dependence on different sources of information may result in some errors creeping in, for which we offer our apologies and assure suitable corrections. Do let us know about any error that may catch your attention.

Procuring Copies of the Directory

Copies are available from ELCINA and its authorised representatives till stocks last. Copies can be booked electronically and also from the ELCINA website www.elcina.com

Price & Delivery

Indian Buyers

Rs. 5,000/- (inclusive of postage and handling charges)

Foreign Buyers

US\$ 250 (inclusive of postage and handling charges)
Payment to be sent to ELCINA in form of Draft/ Cheque payable to Electronic Industries Association of India, New Delhi.

ELCINA

Genesis, Evolution & Mission

ELCINA was established in 1967 as the first industry association supporting electronics hardware, when India's Electronics industry was still in its infancy. Since then, ELCINA has established itself as an interactive forum for electronics and IT manufacturers. ELCINA actively interacts with the government and advises it on policy and business environment issues. It networks with technical institutions and business support organisations in India and abroad to enable business expansion and information dissemination on technical developments. With greater liberalisation, ELCINA's focus has shifted to professional and value-added services to the Electronics Community.

While ELCINA's focus was originally on promotion of manufacturing components - the building blocks of the industry, ELCINA, now renamed as Electronic Industries Association of India, has widened its horizons and broadened its activities to include the development of entire Electronics and IT Hardware. ELCINA now focuses on promoting manufacture of:

- Electronic Components
- Industrial/ professional electronics
- Defence/ strategic electronics
- Electronic Manufacturing Services

Other expanding areas in electronics such as Medical, Automobile, Electronic Design, Embedded Systems and more

Our focus is to support the value chain for Consumer Electronics, Telecom and Computers/IT correlating their common interest with that of equipment, material and machinery producers for expansion of manufacturing.

ELCINA believes that the Government and the industry need to work together to stimulate manufacturing and catalyse an IT/ Electronics boom that can contribute significantly to the development of India. ELCINA persistently works to facilitate changes that would strengthen India's electronics and IT manufacturing base to make it a leader on the world electronics map.

Services & Activities

- ELCINA constantly endeavours to upgrade services which include, among others:
- Active industry-government interface and networking with key decision making bodies with quick and effective representation to government.
- Swift dissemination of information/data, circulars and notifications using electronic media and promoting business with the support of ELCINA's website.
- Publications, Reports and Surveys to capture the latest in the industry.
- Under the umbrella of ELCINA Centre for Knowledge Management, organise Training & Interactive Programmes and Workshops to enhance competitiveness of our industry.
- ELCINA has co-promoted Electronics Sector Skills Council of India (ESSCI) with sister associations, with support from NSDC to develop & impart Skill Development programs throughout the country.
- ELCINA is facilitating the establishment of Greenfield and Brownfield Clusters under the National Electronics Policy.
- Advisory and Consultancy services on business viability, opportunities and market trends
- Infrastructure support for business meets, conferences and promotional activities at ELCINA House with an Auditorium, Board Room and Committee Room.
- Annual Awards for Excellence, and permanent Product Display Facility at ELCINA House, including virtual display in the ELCINA website.

For further details on our services & activities, please reach us on:

Policy Update

POLICIES 2024-25 For Electronics in India

1.0 Policy Capsule

- 1.1 Introduction: The Evolving Landscape of Electronics Manufacturing in India
- 1.2 Advantage India- ESDM sector
- 1.3 Government Initiatives and Policy Support Overview
- 1.4 New schemes for electronics manufacturing
- 1.5 Indian Electronics market – The Big Picture

2.0 Key highlights of Union Budget 2024-25

3.0 New Foreign Trade Policy 2023-28 (NFTP)

- 3.1 The key notifications related to electronics manufacturing under the Foreign Trade Policy, presented in a tabular format:
- 3.2 Free Trade Agreements (FTAs)

4.0 National Policy on Electronics-2019 (NPE)

- 4.1 Schemes Under National Policy on Electronics- 2019
- 4.2 Development of semiconductor/ Display manufacturing ecosystem in India
- 4.3 Electronics Manufacturing Cluster (EMC) Schemes

5.0 State Government Policies for the ESDM Sector

6.0 Defence/ Strategic Electronics: supportive government policies: Impetus for Self-Reliance in Defence Manufacturing

7.0 Start-up India Promoting Entrepreneurship & Innovation

1.0 POLICY CAPSULE

1.1 INTRODUCTION: THE EVOLVING LANDSCAPE OF ELECTRONICS MANUFACTURING IN INDIA

India's electronics industry has experienced remarkable growth, with output rising from USD 37 billion in FY 2015-16 to over USD 115 billion in FY 2023-24. Exports in this sector have reached approximately USD 29 billion in FY 2023-24, with domestic value addition ranging from 15% to 18%. This expansion has contributed to the creation of around 2 million jobs within the industry.

Despite this progress, India's electronics market constitutes only 4% of the global market, with most production centered around assembly rather than design and component manufacturing. Globally, the electronics market is valued at USD 4.3 trillion, dominated by nations like China, Taiwan, and the USA. To become globally competitive, India must localize high-tech component manufacturing, enhance R&D for design capabilities, and forge strategic partnerships with global technology leaders.

Global Value Chains (GVCs) play a pivotal role in modern manufacturing, driving international collaboration across design, production, and distribution. With GVCs accounting for 70% of international trade, India must enhance its participation, particularly in key sectors like electronics, semiconductors, and automobiles. Electronics, a critical pillar of India's industrial growth, stands at the forefront, with 75% of its exports tied to GVCs.

Projections indicate that India's electronics manufacturing could rise to USD 500 billion by FY30, comprising USD 350 billion in finished goods and USD 150 billion in components manufacturing. This ambitious vision would generate 5.5 to 6 million jobs and increase exports to USD 240 billion, with domestic value addition surpassing 35%.

Achieving this vision requires strategic focus on scaling India's Electronics manufacturing production, expanding into component manufacturing, and diversifying into emerging areas such as module, sub-assembly, wearables, IoT devices, and automotive electronics. This diversification will enable India to capitalize on evolving consumer demand and technological advancements, establishing itself as a leader in global electronics manufacturing.

To realize this potential, ELCINA recommends strategic interventions

across fiscal, regulatory, and infrastructure domains. These include promoting components and capital goods manufacturing, incentivizing R&D and design, tariff rationalization, skilling initiatives, technology transfers, and infrastructure development.

India has immense potential to become a global leader in electronics manufacturing. By seizing emerging opportunities, strengthening its value chains, and addressing existing challenges, India can transform its electronics sector into a cornerstone of economic growth and job creation for decades to come.

1.2 ADVANTAGE INDIA- ESDM SECTOR

A. Policy Support Highlights

The Indian electronics sector is backed by a range of policy measures aimed at encouraging growth, innovation, and self-sufficiency:

1. **Production-Linked Incentives (PLI):** The production-linked incentive schemes provide companies with attractive opportunities to establish manufacturing plants within India. These incentives promote domestic production, create jobs, and enhance the country's manufacturing capabilities.
2. **Foreign Direct Investment (FDI) Regulations:** India allows 100% foreign direct investment under the automatic route for electronics manufacturing. For defense-related electronics items, up to 49% FDI is permitted automatically, while beyond 49%, government approval is required.
3. **Digital India Program:** Launched in July 2015, the Digital India Program is transforming India into a digitally empowered society and knowledge economy. This initiative focuses on digitizing services, enhancing connectivity, and promoting digital literacy.
4. **National Policy on Electronics (NPE) 2019:** The NPE 2019 is a crucial blueprint for the growth of the electronics sector. Its primary objective is to facilitate a turnover of US\$ 300 billion in domestic manufacturing by the year 2026. This policy aims to promote electronics manufacturing, innovation, and export-led growth.

Products: CONTACT MEMORIES,RFID,RFID READER ICS, NFC READER BOARDS,SMART CARD CONTROLLERS,COPPER-WIRE INLAYS,AUTHENTICATION ICS ,BEACONS,SMART SENSORS

ADVENT ELECTRONICS INTERNATIONAL PTE LTD

Chennai, Tamil Nadu
W: <https://www.adventelectronics.com>
Products: HDD 1TB SATA 3.5" 7200rpm

Advent Electronics Pte. Ltd

Bengaluru, Karnataka
W: www.adventelectronics.com
Products: Electronic Components, MORNSUN, SGMICRO

AerX Labs

Bangalore, Karnataka
W: <https://aerxlabs.com/>
Products: Full Flight Simulators,Fixed Base Trainer, General Aviation Multi Engine,Single Engine-11,Helicopter-14

Agate & Agate Marketing Resources (I) Pvt Ltd

Pune, Maharashtra
W: www.smt-india.com
Products: Automatic Component Insertion System, Electronic Drying Cabinet Systems, Evest Pick & Place Machine, Insertion Conveyors, Lead Free Wave Solder Machine, PCB Router System, PCB Trolleys, Pick & Place Quadra DVC, Siemens Pre-owned equipment, SMT Adhesive, Solder Paste Softener, Under Stencil Wiper Roll

Aggressive Electronics Manufacturing Services

Gurgaon, Haryana
W: www.aggressiveems.com
Products: Testing Services, Design Services

Agilent Technologies India Pvt. Ltd

Gurgaon, Haryana
W: www.agilent.com/chemin
Products: Atomic Absorption , Automation, Bioanalyzer & TapeStation , Capillary Electrophoresis & CE/MS, Cell Analysis (Seahorse), Certified Pre-Owned Instruments , CGH & CGH+SNP Microarrays , Dako Products etc

Ags Transact Technologies Ltd.

Mumbai, Maharashtra
W: www.agsindia.com
Products: Currency Technology, ATMs & Cash Deposit Systems, Banking Transaction Terminals, Automated Teller Safe Software, TIS - Total Implementation Services, Managed Services, ATM Outsourcing, Dispensers & Shakers Terminal Automation Systems, Automatic Vehicle Identification etc.

AI Technology, Inc.

Coimbatore, Tamil Nadu
W: www.aitechnology.com
Products: Materials for Electronic packaging

A-ID Systems (I) Pvt Ltd

Delhi, Delhi
W: <https://autoidindia.com/>
Products: Fingerprint Modules, Biometric Access Control Systems, Visitor Management, Canteen Management, Smart Card Application and Hand Held Reade

Aimil Ltd

New Delhi, Delhi
W: www.aimil.com
Products: Vibration & Harshness,Thin Films, Pavement Engineering, Healthcare and Medical Instrumentation, Data Acquisition, Particle Monitoring Systems & Validation etc

Aimtron Electronics Pvt Ltd

Vadodara, Gujarat
W: www.aimtron.com
Products: PCBA, Automotive Electronics

Aishwarya Technologies & Telecom Ltd

Hyderabad, Andhra Pradesh
W: www.aishwaryatelecom.com
Products: Optical Test Kits, Spectrum Analyzer, Signal Generator, Multi Meter, Microwave Kits, Oscilloscopes, RF Test Instruments, Optical Instruments, Data Analyzers, Copper Testers, RF Instruments, Other Instruments, Microwave Subsystems

Ajanta LLP

Morbi, Gujarat
W: www.allnyx.com
Products: PCB Design, PCB, PCB Assembly, Product Design and Engineering, Turnkey Projects

Akiracontrols

Delhi, Uttar Pradesh
W: www.akiracontrols.in
Products: TRIAC 800V 25A TO220AB, Microcontroller Holtek, PIC16F1516-E/SS

Aksh Optifibre Ltd

New Delhi, Delhi
W: www.akshoptifibre.com
Products: Optical Fibre, Optical Fibre Cables, Networking, Cable Reinforcement Solutions

Akshat Autoline Pvt Ltd

Meerut, Uttar Pradesh
W: www.tejasledlighting.com
Products: LED Lights

AKSHAT AUTOLINE PVT.LTD.

Rangareddy, Karnataka
W: www.tejasledlighting.com
Products: LED LIGHTS

Alankit Limited

New Delhi, Delhi
W: <https://www.alankit.in/>
Products: TIN-Facilitation & PAN Center(TIN-FCs),Aadhaar Services,GST Suvidha Provider (GSP), Manpower Services ,National distributor of card printers and accessoriesPaper to Follow (P2F) Business Correspondent (BC),Atal Pension Yojana (APY),National Skills Registry (NSR)

Delhi, Delhi
W: <https://alephindia.in/>
Products: Amplifiers, Rice Cooker, Electronic Video Games, Electronic Musical System, Notebook Tablet PC

Alica Technologies LLP

Ahmedabad, Gujarat
W: www.alicatechnologies.com
Products: PCB Assembly

Alien Energy Private Limited

Ghaziabad, Uttar Pradesh
W: www.alienergy.in
Products: Energy Saving Devices, Luminaries, Emergency Lighting, ACSR Conductor, Architechtrual Products

Allnyx Technologies LLP

Dist. Vadodara, Gujarat
W: <https://ambraneindia.com/>
Products: Power Banks, Smart Wearables, Earphones, Speakers, Personal Care & Lifestyles, Cables, Chargers, IOT Devices, Headphones, Travel Kits

Alpha DesignTechnologies Pvt Ltd

Bangalore, Karnataka
W: <http://www.adtl.co.in/>
Products: Opto-Electronics, Electronic Warfare System, Military Communication and C3I Systems, Microwave & RF System, Aerospace Assembly, Simulators, Satellite Manufacturing, Radar Systems & Other Projects

Altop Industries Ltd

Vadodara, Gujarat
W: www.altopindustries.com
Products: Manufacturer of Complete Range of Temperature & Calibration Instruments and Distributors of Various Instruments

Amar Electronics

Coimbatore, Tamil Nadu
W: www.amarelectronics.com
Products: Distributors of Industrial Electronics Components

AMAX Technologies Pte. Ltd

New Delhi, Delhi
W: www.amaxtech.com
Products: Printed Circuit Boards, Digital Camera, Voltage Detector, Film Capacitors

Ambetronics

Mumbai, Maharashtra
W: www.ambetronics.com
Products: Gas Detection, Process control, Vibration Monitoring, Cold Chain Monitoring

Ambrane India Pvt Ltd

New Delhi, Delhi
W: www.amdindustries.com
Products: Pet Preforms, Plastic Closures, Plastic Bottle, Crown Caps

Ambrella Nexus Pvt Ltd

New Delhi, Delhi
W: www.ambrella.in
Products: Flat-panel LCD and plasma TVs?
