- In case of return of sales, the Gross Sales shall be reduced by the amount corresponding to such return of sales. If the corresponding sales have been considered for claim processing for the earlier period, the sales return shall be adjusted with Gross Sales for the period in which the actual sales return takes place.
- The incentive amount payable shall be subject to annual and cumulative ceilings on Net Incremental Sales of Eligible Products.
- The annual ceilings on incentive payable to each applicant will be determined based on the Financial Outlay as indicated in Para 9.1 of the Scheme and number of eligible applicants in each of the categories. The annual financial outlay will be appropriated proportionately depending on number of applicants under each category. At the end of the year, any unappropriated incentive amount resulting from underperformance with respect to the prescribed annual ceiling on net incremental sales of eligible products, by any applicant(s) in any category, will be allocated to the remaining eligible applicants under such category who have achieved net incremental sales in excess of the annual ceiling. Such incentive amount will be distributed only to the extent of excess performance by an applicant beyond the annual ceiling on net incremental sales of eligible products. If the incentive amount payable on cumulative excess performance by the applicants in a category is greater than the unappropriated

incentive amount, then the sum of incentives payable beyond the ceiling amount for each applicant will be restricted to the unappropriated incentive amount for such category and such amount will be distributed among the overperforming applicants in said category in proportion to their respective excess performance beyond the annual ceiling on net incremental sales of eligible products.

The baseline applicable for the successor-in-interest will be the same as determined for the applicant to whom approval was accorded under the Scheme.
- 15.5. To obviate any malpractices in the financial matters where disbursements are made to industry by the Government, it has been decided to provide a deterrent against corrupt practices for promotion of transparency and equity.
